

HRFC 2024 Poker Run Basics

- Pilots must register their interest prior to the day.
- A Poker Run entry fee of \$15 is payable on the day.
- Both Pilot & Passengers are eligible to enter.
- Playing cards (in sealed envelopes) will be available for collection at five participating landing strips within a 60nm radius of Cessnock YCNK.
- Each entrant will pick up cards from at least two of the five nominated strips. (Three cards in total per entry).
- The three cards collected plus two cards drawn at YCNK will make up the five-card poker hand.
- On presenting your hand at the card table, the sealed envelopes will be opened and there will be an opportunity to discard any unwanted cards and draw replacements in an attempt to improve your hand.
- At 2pm, the winners will be announced and prizes awarded.
- The best poker hand will win the main prize.
- A secondary prize will be available to anyone who has drawn a wild card.
- Once a Wild Card prize has been registered, the Wild Card will be replaced by another random card to provide a chance at the main prize.

NOTE: Because some of the nominated landing strips are privately owned and some of the entrants may not have flown in to them before, it is important that any pilot considering an entry should contact HRFC (0428 767 279) or email hunterflyers@gmail.com beforehand to acquire an information pack containing the list of participating strips and any relevant briefing material.
